

2017 ANNUAL REPORT

Dear Supporters,

When you donate to United Way, you're not just helping "someone in need." You help a child stay warm on her way to school. You fill her belly with nutritious food so she can fill her mind with knowledge. You help parents buy a home in a safe neighborhood with good schools—so their kids can have a better life than they did. You enable a young mother to open her first checking account and learn to manage a budget. By extension, you help her children learn financial literacy. What you do is even bigger than all this. You fuel a cycle of help and hope for our entire community.

What we give comes back. When we help our struggling neighbors, we improve the economic growth of our area. We keep health insurance premiums in check. Our children do better in school. When you give someone a hand up, it contributes to a vibrant community where ALL families can thrive—and that is "the why" behind what we do.

Every day we fuel 26 local programs that provide critical services to more than 104,000 Lake County residents. We strengthen local non-profits through coaching, training, and education. We connect residents in crisis to local resources through the 2-1-1 hotline. We engage grassroots leaders and expand their reach. Our mission is to improve lives by mobilizing the caring power of our communities to

advance the common good. We believe that thriving communities begin with thriving families. The harsh truth is that one in four hardworking families in Lake County is on the edge of survival. They can't seem to make ends meet, despite their best efforts. They struggle to afford healthy food, quality childcare, safe housing, and more. We're working to change that.

We believe that all hardworking families deserve stability, opportunity, a high quality of life, and hope for the future. We believe one setback should not sink a family into financial ruin. We know every family deserves their fair shake at the American Dream, so we work for equality and justice in our community. We believe people should have a safety net and a support system so they can get ahead, not just get by.

We also believe that we're all in this together. Helping our struggling families should be a community effort. Your investment in United Way makes you a part of the solution.

Thank you for your continued support. Together, we can make a difference for families in our community!

Sincerely,

John Kennedy

Our 2017 Impact

104,884 INDIVIDUALS had their lives touched by United Way programs and partners.

7,517 CHILDREN AND YOUTH attended safe, high-quality after-school programs and are on the path to stay in school and earn high school diplomas.

15,119 INDIVIDUALS received basic needs assistance in times of emergency: food, shelter, clothing, utility assistance, rent and mortgage assistance.

379 FAMILIES received home visits by certified counselors to teach new moms and dads how to be effective parents and adequately prepare their children for school.

28,250 RESIDENTS found resources via the 2-1-1 Information and Referral Service that assists callers to assess their needs, determine their options and refer appropriate programs/services.

25 HOMELESS FAMILIES received shelter to secure their safety and help them transition to stronger lives.

40,458 INDIVIDUALS received discounts through FamilyWise

250 SPECIAL NEEDS CHILDREN received quality child care to improve their health and well being.

3,386 CHILDREN participated in STEM programming, learning about science, technology, engineering, and math.

702 WOMEN AND CHILDREN were protected from violent abusers and received safe emergency shelter.

2017 Year In Review

UNITED VILLAGE

Lake Area United Way held the first United Village, an event designed to bring service providers together in one place on a Saturday to help serve Struggling Working Families who otherwise might not be able to apply for services due to time restrictions. The event was family friendly and included plenty of food, games, and activities for the entire family. 16 different nonprofits and businesses came together to offer their services to almost 70 families.

YOUNG LEADER BOOTCAMP

Young Leaders United Bootcamp was a revolutionary training provided to up and coming leaders in the Lake County community with a desire to serve local non-profits. The goal of the bootcamp was to train and equip leaders, ages 21-40, with the skills they need to be productive and successful board members. Young Leaders who completed the bootcamp training were then matched with local non-profits to begin building that relationship and serve to meet the non-profit's needs.

REAL. STRONG. GIRLS.

The Real.Strong.Girls. affinity group continued their work of helping young girls reach their full potential by hosting an alternative spring break focused on volunteering in the community. To round out the week the group held their first Love Your #Selfie Retreat for almost 80 girls. The group also kicked off the Fierce & Fabulous Females program, a monthly volunteer project where women lead girls at our local Boys & Girls locations through various themed activities.

TURKEY GIVEAWAY

In November, Kenneth J. Allen Law Group once again partnered with Lake Area United Way to bring hope to Struggling Working Families during the Thanksgiving holiday. Together, we provided 600 struggling work families with a Thanksgiving food box that included a turkey, sides, and a pie.

STAR AWARDS

Lake Area United Way hosted the second annual STAR Awards that recognized 10 organizations whom exemplified a heart of service by giving of their time and meeting the needs of our community.
